

BYOB Looks Challenge – Sprite Version

Student Name _____

Looks

Date _____

2ND BYOB CHALLENGE

Part 1

Create a Second Costume for the Sprite

Click on the Costume tab above the panel area. Make a copy of the sprite and edit it. Ensure that it is easy to distinguish between the two costumes.

Part 2

Test all the Looks Blocks

Drag each Looks Block from the Looks Palette area to the Script Panel and click on it to see what it does to your Sprite.

**Part 3****Special Effects**

Describe what happens when you increase or decrease each of the following effects?

Effect	Increase	Decrease
Fisheye		
Whirl		
Pixelate		
Mosaic		
Brightness		
Ghost		

Part 4**Programming Time (AKA Winning!)**

Complete one of each difficulty level. Fill in the corresponding circle with a colour.

Novice Level

- ☐ Create a person who looks like you (hair, clothes, face, etc)

Advanced Level

- ☐ Create a program that types out your name when you type it on the keyboard

Expert Level

- ☐ Create a program where a person gains clothes when you drag and drop them on the person

Part 5**Save Your Programs**

Make sure to save your programs! Record the names of your programs below.
